65TH Annual International
Congress of the Egyptian
Society of Chest Diseases
and Tuberculosis

23rd - 25th October 2024
Hilton Cairo Heliopolis, Egypt

Welcome!

The Egyptian Society of Chest Diseases and Tuberculosis is deeply honored to invite you as a distinguished guest to share and attend the 65th anniversary meeting, which is the main event of the year for chest diseases in Egypt.

This year will be truly an outstanding gathering for the Middle East and the Arab World, of continuous giving, caring, and partnership. The annual meeting is the biggest event for Pulmonologists in Egypt and the Arab World and we promise to make this year truly special. Our meeting aims at updating chest physicians with recent knowledge given by highly experienced professors.

We hope that our colleagues in the different organizations in Egypt and Arab area share with their scientific material and interact with our guest faculties which will include eminent international, Arab and Egyptian scientists, with the prospect of exchange of knowledge for better continuous education and optimum patient care.
